

Friends of The Life Center,

You are a crucial part of what God is doing in West Texas through The Life Center! It's because you share this passion for life and truth with your friends that our four centers have been able to assist 4,500 moms, dads and children annually, and thousands of students in grades 4 through 12 have received instruction in sexual wellness and relational integrity each school year. Thank you for your faithful generosity in "teaching a more excellent way ... for life!"

## THE SPEAKER

---

# Dr. Benjamin Carson

This year's speaker is well-known as a former U.S. Presidential candidate and subsequent Secretary of the Department of Housing and Urban Development (HUD) in the Trump administration. Son of a single mom with less than a third-grade education, he turned his terrible academic record around under her strict direction and won a scholarship to Yale, followed by medical school at the University of Michigan and an internship and residency in neurosurgery at Johns Hopkins. Now retired, Dr. Carson and colleagues developed and performed groundbreaking neuro-surgical techniques, and he has been involved in over 15,000 surgical procedures during his career.

Dr. Carson is the recipient of numerous awards and honorary doctorate degrees, including the NAACP's highest award and the Presidential Medal of Freedom, which is the highest civilian honor bestowed by the United States.

Under Dr. Carson's leadership at HUD, he and his team developed innovative programs for under-served populations including the Foster Youth to Independence Program (FYI), which helps set youth who have aged out of foster care on a trajectory of success. They also created the EnVision Center program, which facilitates self-sufficiency in under-served populations.

Dr. Carson and his wife Candy have been married for 46 years, with three married sons and five grandchildren and counting! He is the co-founder of the Carson Scholars Fund, which recognizes young people beginning in the 4th grade for superior academic performance and humanitarian qualities.
